

# Re-Elect Vincent Treglia for USASA At-Large Director

Dear Members of the United States Adult Soccer Association,

I'm honored to seek re-election as your At-Large Director on the USASA National Board. Having earned your trust in the previous election, I've spent my term working alongside fellow board members to strengthen our adult soccer community through transparency, innovation, and grassroots engagement.

My lifelong passion for amateur soccer, shaped by decades as a player, coach, club manager, club director, and state association leader, continues to guide my service. I remain deeply committed to supporting grassroots efforts, improving accessibility, and championing quality programs that reflect the diverse needs of our adult soccer community.

Together with the other board members, we've laid a strong foundation and launched a fed new member programs, one of which I championed that is set to begin in late 2025. Now, we must continue advancing our strategic priorities: expanding membership, increasing player participation, and introducing new initiatives that enhance the experience for everyone involved.

If re-elected, I will continue to focus on:

- Expanding Outreach Programs: Engaging new communities at the local level to grow our membership and foster inclusivity.
- Enhancing Membership Experience: Exploring new initiatives that elevate the quality, accessibility, partnerships, services and enjoyment of adult soccer.
- Strengthening Organizational Resilience: Building governance that support long-term success.

With your continued support, I'm excited to keep building a future where every player, coach, and volunteer feels valued, empowered, and connected.

Thank you for your trust, your partnership, and your belief in the power of adult amateur soccer.

Sincerely,

Vincent A. Treglia  
USASA At-Large Director
