

Hello!

Thanks for taking the time to chat with us at the conference! It's always great to talk about passion and purpose with like-minded people! Here are the documents we referenced in our presentation and individual conversations. The next step would be to book a 1:1 call with us using the link below, where we can talk logistics, find a good date and venue, and get something online! Once we have those things, you'll use the Finalize Your Tournament link below to submit the event into our system. We are looking forward to bringing 5v5 Soccer to your area and working together!

HOMEWORK TO PICK A BEST DATE: Cross-reference your preferred date against your local and regional events like 3v3s, other 5v5s, high school 7v7s, tryouts, other full-sided events, ODP events etc

Feel free to send field locations back if you want any feedback on how many fields we can fit. A traditional 11v11 field can fit at least four 5v5 fields.

Once you have the fields and dates locked in, you'll need to just fill out that Finalize Your Tournament link above and we will have everything up and running within 48 hours, as it will double as the tournament contract.

Don't hesitate to reach out if you have any feedback or questions.

Best,
