

Dear Members of US Soccer,

It is with great enthusiasm and a shared sense of purpose that I submit this letter asking for your vote to serve as a member of the Adult Council. As the National Director of Adult Soccer for USSSA, I have spent the last 14 years operating at the highest level of national sports administration. I am eager to bring this experience to the Adult Council to further our mutual goal: the promotion and elevation of adult competitive soccer across the United States.

My candidacy is built upon **14 years of experience running a national soccer program**. During my tenure at USSSA, I have been responsible for the overarching growth and strategic direction of our adult division. This role has required a deep understanding of national infrastructure, regulatory compliance, and the complex logistics involved in maintaining a nationwide footprint. I have successfully managed and executed numerous National Championships, ensuring that the competitive standards of our organization meet the expectations of elite athletes and stakeholders alike.

Crucially, my work has always been focused on the broader health of our sport. I have a proven track record of **working collaboratively with USASA on competitions for the benefit of all of US Soccer**. I believe that by bridging our organizations through shared competitive platforms, we strengthen the entire ecosystem for adult players. This collaborative spirit is evidenced by my consistent support of the **Hank Steinbrecher Cup**, having supported and entered teams into the competition for each of the last four years.

My technical and operational background further supports this mission:

- **Technical Expertise:** I have coached **15 US Open Cup teams**, providing me with firsthand knowledge of the challenges and requirements of the nation's premier knockout tournament.
- **Operational Depth:** I have run adult leagues for 16 years, ensuring that the grassroots foundation remains strong enough to support our national aspirations.
- **Lifelong Dedication:** My passion is rooted in the field; I have coached the same adult team since 1992, giving me a unique, 34-year perspective on the evolution of the adult player experience.

Our organizations share a fundamental alignment in mission. We both strive to provide high-level competitive environments and sustainable pathways for elite players. By electing me to the Adult Council, you are choosing a representative who understands how to scale local success into national excellence through cooperation and shared vision.

I am confident that my many years of national leadership will help us to streamline our efforts, increase participation in national competitions, and create a more unified landscape for adult players. I ask for your vote to help drive the future of adult competitive soccer forward for the benefit of all.

Sincerely,

**Erick French**

National Director of Adult Soccer  
USSSA
